

Figure 1: Schematic representation of the 12 experimental conditions. The figure shows a grid of 12 conditions, each with a number (1-12) and a corresponding schematic of a 2x2 grid of cells. The cells are labeled with 'A' and 'B' and contain different symbols (dots, lines, etc.). The conditions are arranged in a 3x4 grid. The first row shows conditions 1, 2, 3, and 4. The second row shows conditions 5, 6, 7, and 8. The third row shows conditions 9, 10, 11, and 12. Each condition has a unique pattern of symbols in the cells.
